Guest Lectures

Guest Lectures were organised for TY students in the month of March-April 2023, where subject experts were invited to guide students in their exam preparation.

Remedial Programme

One Weeks remedial programme was conducted for academically weak students, where faculty members guided them before exams and helped them in their exam preparation. This programme helped our students to score good marks and clear their exams successfully.

Bridge the Gap Course

The Bridge the Gap program is another best practice implemented by the IQAC, wherein first-year students, especially those from non-commerce backgrounds, are provided with a lecture series focusing on various basic concepts of accountancy, mathematics, economics, and communication. Clarity of concepts helps them to cope with the subjects easily, thereby aiding in better understanding of the subject content. This year, the program was conducted between the 17th and 22nd of October 2022

Workshop on Research Methodology in Social Science

Four days online workshop on Research Methodology in Social Science was jointly organised by "Western Regional Center of Indian Council of Social Science Research (ICSSR) from 14th November to 17th November 2022.
